C&F at a glance

"

For over two decades, C&F has been providing top quality business technology solutions and services to various global industry leaders.

The fundaments of this successful performance are our proprietary methodologies and the quality of our people."

Tomasz Bogusławski

Chief Executive Officer,
President of the
Management Board, C&F

We are a global team of passionate people who combine our business and process insights with our technical expertise to develop state-of-the-art business technology solutions.

We have a proven track record of successfully delivering large scale IT strategy and business transformation programs for some of the largest international Fortune 500 organizations.

Our proprietary methodologies and industry data models give us a competitive advantage over other consulting companies.
